Qualifications:

I earned a Bachelor's of Science in Child and Family Studies with an emphasis in Child Life from the University of Southern Mississippi in 2007. I became a Certified Child Life Specialist in 2007 and continue to maintain certification. I then earned a Master's of Science in Child and Family Studies with an emphasis in Leadership from the University of Southern Mississippi in 2013. In 2022 I earned a Masters of Arts in Clinical Mental Health from Liberty University, a program that is accredited by the Council on Accreditation of Counseling and Related Educational Programs (CACREP). I am a Provisional Licensed Counselor (PLPC), #PLC9336 with the Louisiana LPC Board of Examiners, 11410 Lake Sherwood Avenue North, Suite A, Baton Rouge, La 70809, (225)295-8444. The Louisiana LPC Board of Examiners has approved Kelli Hill, LPC-S, 30665 Walker North Rd., Walker, La 70785 as my LPC Board- Approved Supervisor. Mrs. Hill is licensed with the Louisiana LPC Board as a Licensed Professional Counselor (LPC) and is approved to supervise PLPCs obtaining experience hours needed to be fully licensed as an LPC in the State of Louisiana. Below is the contact information for my supervisor in case you have questions and/or concerns:

Kelli Hill LPC-S: Kelli@bluehillcounseling.com

Counseling Relationship:

I see counseling as a process in which you the client, and I, the counselor, having come to understand and trust one another, work as a team to explore and define present problem situations, develop future goals for an improved life and work in a systematic fashion toward realizing those goals. These goals are made in collaboration with you, the client, and may be required to be completed between sessions. The length and frequency of sessions will be determined by specific needs and goals. The overall objective for therapy is always working towards successful resolution of the problems that are deemed the most important to you.

Areas of Focus and Clients Served:

My areas of concentration are in working with individuals (children, adolescents, and adults), couples, and/or families experiencing a variety of difficulties including, but certainly not limited to, anxiety, anger, depressions, marital and/or family discord, grief, identity development, trauma, low self-esteem, and other presenting problems.

Services Offered to Clients:

With the client's (your) informed consent, I will consult and engage in coordination of care and specific consults with other professionals to ensure that a high-level, integrated and personalized treatment plan is implemented that addresses the client's specific needs and stated goals. To this end, I will also engage general consults with other professionals. In a general consult, no HIPAA Protected Health Information (PHI) about the client is released, and client consent is not required. As with coordination of care, the counselor and the client will discuss and agree upon the necessity of referrals to community resources and/or other professionals for coordination of care.

The client has the option of selecting in-person services delivered in an office (with both the counselor and the client present) or teletherapy services (services provided using interactive HIPAA secure technology-assisted media that enables the counselor and the client, separated by distance to interact via synchronous video and audio transmission) within and across Louisiana. For these purposes, I utilize Google meet services. A client may utilize either mode of delivery as they so choose, unless it is determined that the client may not be properly diagnosed and/ or treated by teletherapy. A client who cannot be properly diagnosed and/or treated via teletherapy shall be restricted to in-person services and/or properly terminated with appropriate referrals. Teletherapy requires verification of client's identity and location at the start of each session. Please see and sign the attached addendum to consent to engaging in teletherapy services.

Teletherapy Concerns:

Please note, I can only provide teletherapy services to clients currently within the state of Louisiana. Should we become disconnected or experience technical failure, I will call you and troubleshoot issues. At the beginning of each teletherapy session, I will ask client(s) to provide the address to their location and the location of the nearest emergency room. In the event of an emergency during a teletherapy session, I will refer client to stabilization plan (if applicable) and/or the nearest emergency room. At the end of each session, we will schedule our next session. Please refer to general communication section regarding communication between session.

Fees and Office Procedures:

The fee for services is \$70.00 and paid directly to Present Hope Counseling, LLC. Payment for service is due at the start or close of each session. Payments can be made in the form of cash, check, or debit/credit card. As a PLPC, I may not accept payment for services directly. Appointments are typically set at the close of each session. Should you need to reschedule or cancel, please call or text my business phone at (225) 283-5126. A 24-hour notice is required for reschedules or cancellations. You will be charged for appointments missed or sessions rescheduled/cancelled within 24-hours of scheduled appointment time.

Insurance:

At this time, I am not able to accept insurance.

Code of Conduct:

As a PLPC, I am required by law to adhere to the Code of Conduct for practice that has been adopted by my licensing board, the Louisiana LPC Board of Examiners. A copy of the Code of Conduct is available to you upon request. Should you wish to file a disciplinary complaint regarding my practice as a PLPC, you may contact the Louisiana LPC Board of Examiners.

Confidentiality:

Client confidentiality is an essential part of the counseling process. Materials revealed in counseling will remain strictly confidential except for material shared with my approved supervisor (Kelli Hill) and under the following circumstances, in accordance with state law:

1. The client signs a written release of information indicating informed consent of such release.
2. The client expresses intent to harm him/herself or someone else
3. There is reasonable suspicion of abuse/neglect against a minor child, elderly person (60 or older), or dependent adult.
4. A court order is received directing the disclosure of information.

In the event of marriage or family counseling, material obtained from an adult client individually may be shared with the client's spouse or other family members with the client's written permission. Clients may refuse to provide written permission to waive confidentiality rights between or among each other. Please be advised that withholding information from each other during couple or family therapy could impede or even prevent a positive outcome to therapy. Any material obtain from a minor client may be shared with the client's parent or guardian.

Supervision and Video/Audio Recording:

As a counselor working towards becoming fully licensed, I am required to have supervision which may include sessions being recorded for teaching purpose. These recordings will be reviewed by my approved supervisors so that I can improve on my counseling skills. Any recordings obtained with clients are used only for supervision and will be stored in a secure place in order to protect confidentiality. Recordings will not be done without a consent. A Video/Audio consent form will be signed by the client before any video or audio recordings are taken.

Professional Records:

We keep a record of the counseling services we provide to each client in a secure location. You may ask to see and/or copy your record by making an appointment specifically for that purpose or we can prepare a summary for you instead. You may also ask us to correct your record.

Privileged Communication:

It is my policy to assert privileged communication on behalf of the client and the right to consult with the client, if at all possible, except during an emergency, before mandated disclosure. I will endeavor to apprise clients of all mandated disclosures as conceivable.

Communication:

If you communicate confidential or private information via SMS (text), by phone, or through e-mail, I will assume that you have made an informed decision, having been made aware of the risk that it cannot be one-hundred percent guaranteed to be private.

Texting:

Text messaging is unsecure and I will only text you for the purpose of scheduling or if there is an urgent matter that we must discuss, and I can't reach you another way. If appointment information or general business matters need to be communicated to me, text messaging can be utilized, but no official counseling will take place via messaging.

Social Media:

I do not accept "friend" requests or similar connections with clients, their family members or friends on social media. This is to protect your confidentiality and privacy. If you choose to "like" the business's professional Facebook page or comment on posts/blogs, please know this will connect you to our business and we will assume you have made an informed decision to do so.

Online relationships can create security risks as well as therapeutic risks. Please note that any social media apps you use may seek to connect you with me or with other visitors to this office through a "people you may know" or similar feature. I have no control over apps

that may intrude on the privacy of your treatment in this way. If you would like to minimize the risk of others becoming aware of your connection to me or this office, please make use of the privacy controls available on your phone/device.

I can be reached via email at danielle@presenthocounseling.com as a method to engage in appointment scheduling, canceling, and general inquiries about services. Email is not used in the therapy process as it cannot be guaranteed as confidential and liability for any breach of confidentiality is hereby waived. I can be reached by phone at **225-283-5126**.

Emergency Situations for Private Practice:

Please note, I *do not* guarantee immediate accessibility or response. I do not answer email, text, or phone calls/messages when I am with other clients, after-hours, weekends, vacations, or holidays. When I am unavailable, you may choose to leave a message, email, or text and I will respond as soon as possible. In an **emergency situation**, when an **immediate response is necessary**, you may call the Baton Rouge Intervention Center (225) 924-3900 or 1-800-437-0303, your primary care physician, the local emergency room, or call 911.

Client Responsibilities and Rights:

You, the client, are a full partner in counseling. Your honesty and effort are essential to success. As we work together, if you have suggestions or concerns about your counseling, I invite you to share these with me so that we can make the necessary adjustments. If it is determined that you would be better served by another mental health provider, I will help you with the referral process. Additionally, if you are currently receiving services from another mental health professional, I ask you to inform me of this and grant me permission to share information with this professional so that we may coordinate our services to you. Counseling is voluntary and sessions can be terminated at any time. I do ask that a termination session is set up to provide closure and allow for any concerns to be addressed.

Potential Counseling Risk:

The client should be aware that counseling poses potential risks. In the course of working together, additional problems may surface of which you were not initially aware. If this occurs, you should feel free to share these concerns with me.

Physical Health:

Physical health can be an important factor in the emotional well-being of an individual. If you have not had a physical examination in the last year, it is recommended that you do so. Also, please provide me with a list of any medications that you are currently taking and a history of any pre-existing mental or physical diagnosis.

Present Hope Counseling, LLC. Informed Consent for Telehealth Services

Definition of Telehealth

Telehealth involves the use of electronic communications to enable the mental health professionals of Present Hope Counseling, LLC. to connect with individuals using interactive video and audio communications.

Telehealth includes the practice of mental health care delivery, diagnosis, consultation, treatment, referral to resources, education, and the transfer of medical and clinical data.

I understand that I have the rights with respect to telehealth:

1. The laws that protect the confidentiality of my personal information also apply to telehealth. As such, I understand that the information disclosed by me during the course of my sessions is generally confidential. However, there are both mandatory and permissive exceptions to confidentiality, including, but not limited to, reporting child, elder, and dependent adult abuse; expressed threats of violence toward an ascertainable victim; and where I make my mental or emotional state an issue in a legal proceeding. I also understand that the dissemination of any personally identifiable images or information from the telehealth interaction to other entities shall not occur without my written consent.
2. I understand that I have the right to withhold or withdraw my consent to the use of telehealth in the course of my care at any time, without affecting my right to future care or treatment.
3. I understand that there are risks and consequences from telehealth, including, but not limited to, the possibility, despite reasonable efforts on the part of the counselor, that: the transmission of my personal information could be disrupted or distorted by technical failures, the transmission of my personal information could be interrupted by unauthorized persons, and/or the electronic storage of my personal information could be unintentionally lost or accessed by unauthorized persons. Present Hope Counseling, LLC. utilizes secure, encrypted audio/video transmission software to deliver telehealth.
4. I understand that if my counselor believes I would be better served by another form of intervention (e.g., face-to-face services), I will be referred to a mental health professional associated with delivery psychotherapy, and that despite my efforts and the efforts of my counselor, my condition may not improve, and in some cases may even get worse.
5. I understand the alternatives to counseling through telehealth as they have been explained to me, and in choosing to participate in telehealth, I am agreeing to participate using video conferencing technology. I also understand that at my request or at the direction of my counselor, services will resume as "face-to-face" psychotherapy.
6. I understand that I may expect the anticipated benefits such as improved access to care and more efficient evaluation and management from the use of telehealth in my care, but that no results can be guaranteed or assured.
7. I understand that my healthcare information may be shared with other individuals for scheduling and billing purposes. Others may also be present during the consultation other than my counselor in order to operate the video equipment. The above-mentioned people will all maintain confidentiality of the information obtained. I further understand that I will be informed of their presence in the consultation and thus will have the right to request the following: (1) omit specific details of my medical history that are personally sensitive to me, (2) ask non-clinical personnel to leave the telehealth room, and/or (3) terminate the consultation at any time.
8. I understand that my express consent is required to forward my personally identifiable information to a third party.
9. I understand that I have a right to access my medical information and copies of my medical records in accordance with the laws pertaining to the state in which I reside.
10. By signing this document, I agree that certain situations, including emergencies and crises, are inappropriate for audio-/video-/computer-based psychotherapy services. If I am in crisis or in an emergency, I should immediately call 9-1-1 or seek help from a hospital or crisis-oriented health care facility in my immediate area.
11. I understand that different states have different regulations for the use of telehealth. The Louisiana Professional Counselors Board of Examiners has authorized, with Board approval, the use of telehealth services to provide continuity of care to clients by their therapists.

Payment for Telehealth Services

Present Hope Counseling will follow standard practices of receiving payment at the time of service or the session rate will be charged during the same calendar week (if a credit card authorization form is on file). We will provide you with a statement of services for your records if you wish.

Fees and Payments

The full session fee is \$70 for 50 minutes. Payments must be made prior to the start of each session and may be made in cash, credit card, or by personal check. If a parent or third party is paying for the session, the client is still responsible for making payment prior to the start of each session.

All payments made with checks or cash will be at the standard rate listed above. For any transactions utilizing a credit/debit card where the card is present and swiped, a service fee of 3.5% will be added. For payments made with a card on file or requiring manual entry, there will be a 4% service fee added.

Cancellations

Present Hope Counseling, LLC requires 24-hour notification for cancellations. You may contact your therapist, Danielle Hatch to notify her at 225-283-5126. Cancellations made without this notice will be charged the full fee of \$70. By checking the box below and electronically signing, I agree to comply with this policy for services rendered at Present Hope Counseling, LLC.

Being more than 5 minutes late for an appointment will result in a treatment time that is shortened and will end at the original scheduled time. The full amount of scheduled time will be charged. Arrivals of 15 minutes or later to an appointment will be considered canceled with no treatment provided. The full amount of the original time scheduled will be charged to the client with the need to prepay for future appointments.

A credit card authorization form is attached, however it is not required. This form and credit card information will allow for session fees or cancellation fees to be processed. In the case of a missed appointment and your card is not on file, you will be contacted for payment. A completion of payment is required in order to schedule your next session.

We understand that life's challenges often interfere with scheduled plans. We understand illness happens or unexpected events occur. Clients will not be charged for emergent situations such as sudden illness or car accidents. Please make every effort to communicate with your therapist prior to your scheduled session time if at all possible.

It is our priority as your therapists to behave in a trustworthy manner. We ask that you approach our cancellation policy with honesty and integrity as well.

Termination Policy Changes

As therapists, we adhere to the ethical principle of autonomy. More specifically, we value the rights of our clients to control the direction of their lives. At any point, our clients can choose to refuse services, with or without explanation. Current professional standards require that services be formally terminated when the client's goals of treatment have been satisfied, when the client requires referrals for other professionals, or when services are no longer being provided.

Throughout the course of therapy, your counselor will make the effort to re-evaluate goals and determine necessity of discharge. As treatment goals are met, frequency of services will decrease. After 90 days without contact between client and therapist, a formal note of termination will be added to the client's file. Should a client no-show/no-call for two sessions, the client will automatically be discharged from services.

Therapists will typically make efforts to prioritize returning clients, even after discharge. However, after formal termination of services, clients will no longer hold a reserved spot on the therapist's schedule.

Esignature consent: Each party agrees that the electronic signatures, whether digital or encrypted, of the parties included in this Agreement are intended to authenticate this writing and to have the same force and effect as manual signatures. Delivery of a copy of this Agreement or any other document templated hereby bearing an original or electronic signature by facsimile transmission (whether directly from one facsimile device to another by means of a dial-up connection or whether mediated by the worldwide web), by electronic mail in "portable document format" (".pdf") form, or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, will have the same effect as physical delivery of the paper document bearing an original or electronic signature.

2. PHI is disclosed when we release, transfer, give, or otherwise reveal it to a third party outside our practice. With some exceptions, we may not use or disclose more of your PHI than is necessary to accomplish the purpose for which the use or disclosure is made; however, we are always legally required to follow the privacy practices described in this Notice.

III. HOW WE WILL USE AND DISCLOSE YOUR PHI.

We will use and disclose your PHI for many different reasons. Some of the uses or disclosures will require your prior written authorization; others, however, will not. Below you will find the different categories of our uses and disclosures, with some examples.

- A. Uses and Disclosures Related to Treatment, Payment, or Health Care Operations that *Do Not* Require Your Prior Written Consent. We may use and disclose your PHI without your consent for the following reasons:**

1. For treatment. We can use your PHI *within* our practice (Present Hope Counseling, LLC) to provide you with mental health treatment, including discussing or sharing your PHI with Present Hope Counseling, LLC therapists, staff and supervisors, trainees and interns. Example: We may discuss your treatment with a supervisor or consult with another Present Hope Counseling, LLC therapist in order to facilitate your care.

2. For health care operations. We may disclose your PHI to facilitate the efficient and correct operation of our practice. Example: We may provide your PHI to our attorneys, accountants, consultants, and others to make sure that we are in compliance with applicable laws.

3. To obtain payment for treatment. We may use and disclose your PHI to bill and collect payment for the treatment and services we provided you. Example: We might send your PHI to your insurance company or health plan in order to get payment for the health care services that we have provided to you. We could also provide your PHI to business associates, such as billing companies or collection companies.

4. Other disclosures. Examples: Your consent isn't required if you need emergency treatment provided that we attempt to get your consent after treatment is rendered. In the event that we try to get your consent but you are unable to communicate with us (for example, if you are unconscious or in severe pain) but we think that you would consent to such treatment if you could, we may disclose your PHI.

B. Certain Other Uses and Disclosures that *Do Not* Require Your Consent. We may use and/or disclose your PHI without your consent or authorization for the following reasons:

1. If disclosure is compelled or permitted by the fact that you are in such mental or emotional condition as to be dangerous to yourself or the person or property of others, and if we determine that disclosure is necessary to prevent the threatened danger.

2. If disclosure is compelled or permitted by the fact that you tell us of a serious/imminent threat of physical violence by you against a reasonably identifiable victim or victims.

3. If disclosure is mandated by the Louisiana Child Abuse and Neglect Reporting law. For example, if we have a reasonable suspicion of child abuse or neglect.

4. If disclosure is mandated by the Louisiana Elder/Dependent Adult Abuse Reporting law. For example, if we have a reasonable suspicion of elder abuse or dependent adult abuse.

5. To avoid harm. We may provide PHI to law enforcement personnel or persons able to prevent or mitigate a serious threat to the health or safety of a person or the public (e.g., adverse reaction to meds).

6. When disclosure is required by federal, state, or local law; judicial, board, or administrative proceedings; or, law enforcement. Example: We may make a disclosure to the appropriate officials when a law requires us to report information to judicial court officials, government

agencies, law enforcement personnel and/or in an administrative proceeding, of if disclosure is required by a lawful search warrant. (Mississippi law generally indicates that certain counseling information will not be disclosed in court proceedings, for example testimony by or written records of licensed Marriage and Family Therapists as they pertain to divorce-child-custody issues. However, in some instances courts may order the disclosure of such information.)

7. For health oversight activities. Example: We may be required to provide information to assist the government in the course of an investigation or inspection of a health care organization or provider.

8. For specific government functions. Examples: We may disclose PHI of military personnel and veterans under certain circumstances. Also, we may disclose PHI in the interests of national security, such as protecting the President of the United States or assisting with intelligence operations.

9. For public health activities. Example: In the event of your death, if a disclosure is permitted or compelled, we may need to give the county coroner information about you.

10. Appointment reminders and health related benefits or services. Examples: We may use PHI to provide appointment reminders. We may use PHI to give you information about alternative treatment options, or other health care services or benefits we offer.

11. For Workers' Compensation purposes. We may provide PHI in order to comply with Workers' Compensation laws.

12. If an arbitrator or arbitration panel compels disclosure, when arbitration is lawfully requested by either party, pursuant to subpoena duces tectum (e.g., a subpoena for mental health records) or any other provision authorizing disclosure in a proceeding before an arbitrator or arbitration panel.

13. If disclosure is otherwise specifically required by law. Example: If compelled by U.S. Secretary of Health and Human Services to investigate or assess our compliance with HIPAA regulations, or compelled to comply with a lawful subpoena.

C. Other Uses and Disclosures of your PHI Require Your Prior Written Authorization.

In any other situation not described in Sections IIIA and IIIB above, we will request and must obtain your written authorization before using or disclosing any of your PHI.

Even if you have signed an authorization to disclose your PHI, you may later revoke that authorization, in writing, to stop any future uses and disclosures of your PHI by us.

IV. WHAT RIGHTS YOU HAVE REGARDING YOUR PHI

These are your rights with respect to your PHI:

A. The Right to Request Limits on Uses and Disclosures of Your PHI. You have the right to ask that we limit how we use and disclose your PHI. While we will consider your request, we are not legally bound to agree. If we do agree to your request, we will put those limits in writing and abide by them except in emergency situations. You do not have the right to limit the uses and disclosures that we are legally required or permitted to make.

B. The Right to Amend Your PHI. If you believe that there is some error in your PHI or that important information has been omitted, it is your right to request that we correct the existing information or add the missing information. Your request and the reason for the request must be made in writing. You will receive a response within 60 days of our receipt of your request. We may deny your request, in writing, if we find that: the PHI is (a) correct and complete, (b) forbidden to be disclosed, (c) not part of our records, or (d) written by someone other than us. Our denial must be in writing and must state the reasons for the denial. It must also explain your right to file a written statement objecting to the denial. If you do not file a written objection, you still have the right to ask that your request and our denial be attached to any future disclosures of your PHI. If we approve your request, we will make the change(s) to your PHI. (We are not obligated to delete any information, only add corrections or additions.) Additionally, we will tell you that the changes have been made, and we will advise all others who need to know about the change(s) to your PHI.

C. The Right to Get a List of the Disclosures We Have Made. You are entitled to a list of disclosures of your PHI that we have made. The list will not include uses or disclosures to which you have already consented, i.e., those for treatment, payment, or health care operations, sent directly to you, or to your family; neither will the list include disclosures made for national security purposes, to corrections or law enforcement personnel. We will respond to your request for an accounting of disclosures within 60 days of receiving your request. The list we give you will include disclosures made in the previous six years (if applicable) unless you indicate a shorter period. The list will include the date of the disclosure, to whom PHI was disclosed (including their address, if known), a description of the information disclosed, and the reason for the disclosure. We will provide the list to you at no cost, unless you make more than one request in the same year, in which case we will charge you a reasonable sum based on a set fee for each additional request.

D. The Right to See and Get Copies of Your PHI. In general, you have the right to see your PHI that is in our possession, or to get copies of it; however, you must request it in writing. If we do not have your PHI, but we know who does, we will advise you how you can get it. You will receive a response from us within 30 days of our receiving your written request. Under certain circumstances, we may decide that we must deny your request, but if we do, we will give you, in writing, the reasons for the denial. We will also explain your right to have our denial reviewed. If you ask for copies of your PHI, we will charge you not more than \$.50 per page. We may see fit to provide you with a summary or explanation of the PHI, but only if you agree to it, as well as to the cost, in advance.

E. The Right to Choose How We Send Your PHI to You. It is your right to ask that your PHI be sent to you at an alternate address (for example, sending information to your work address rather than your home address) or by an alternate method (for example, via email instead of by regular mail). We are obliged to agree to your request providing that we can give you the PHI, in the format you requested, without undue inconvenience. We may not require an explanation from you as to the basis of your request as a condition of providing communications on a confidential basis.

F. The Right to Get This Notice by Email. You have the right to get this notice by email. You have the right to request a paper copy of it, as well.

V. HOW TO COMPLAIN ABOUT OUR PRIVACY PRACTICES

If, in your opinion, we may have violated your privacy rights, or if you object to a decision we made about access to your PHI, you are entitled to file a complaint. You may send a written complaint to the Secretary of the Department of Health and Human Services at 200 Independence Avenue, S.W. Washington, D.C. 20201. If you file a complaint about our privacy practices, we will take no retaliatory action against you.
